Subject: Proposal for Transportation and Disposal of Miscellaneous Waste
CES Environmental Services, Inc. (CES)
Houston, Texas

Dear Mr. Askanase:

IKON Environmental Solutions, LP (IKON) is pleased to provide this proposal for the transportation and disposal of waste remaining at CES Environmental on Griggs Road. The removal process will consist of emptying the containers using vacuum trucks, excavators and air movers to ship the waste to the appropriate disposal facilities.

We submit the pricing on the attached sheet for your consideration and assure that all transportation and disposal will be done in compliance with City of Houston, TCEQ and EPA regulations and permits.

The pricing for the hazardous sludge is based on the analysis provided and will be sampled and sent to the disposal facility for final acceptance and pricing confirmation. Should the disposal cost increase after the initial proposal IKON will notify trustee of any cost increases.

The volumes are estimated based on past surveys and pumping events. Quantities may vary from the estimates given.

Assumptions and Clarifications:

1. Waste in the WMU123 tank next to the truck wash has never been sampled. Assumption was made that the liquid in the tank can be disposed of as hazardous without incineration.
2. Fuel surcharges are included in the per load pricing.
3. Assumes that trustee or consultant will supply all previous analysis of tank contents to IKON for profile purposes. IKON will collect physical samples of tank contents at no additional charge.
4. This proposal does not include cleaning of vacuum boxes or frac tanks left on site.

5. Final invoicing will be based on actual volumes and loads delivered. The amounts estimated on the bid sheet are only estimates.
6. No work will be performed beyond these quantities without prior written approval of trustee.
7. IKON will profile only according to the direction of our clients and is not responsible for any rejection from the disposal facility. Disposal rates are contingent upon final approval of the waste stream by designated disposal facility. Waste streams deemed "non-conforming" upon arrival at a disposal facility may incur additional surcharges upon prior approval of the CES Trustee.
8. As requested, Ikon agrees that the Bankruptcy Estate of CES Environmental Services, Inc. is a named insured under Ikon's insurance.
9. This contract is subject to approval of the United States Bankruptcy Court for the Southern District of Texas, Houston Division.

Respectfully submitted,

Vice President

Accepted: The Bankruptcy Estate of CES Environmental Services, Inc.
